Re: Docket No. E-00000XX-13-0214

Chairman and Commissioners,

I urge you to oppose the elimination of Arizona's Energy Efficiency Standards and avoid any reopening of Arizona's Energy Efficiency Rules. These Standards are working to lower utility bills for me and my neighbors and make Arizona an affordable place to live and work.

I need to keep my household budget tight. Energy costs are a big part of that for me. Being able to take advantage of the rebates offered has been very helpful. And, investing in energy efficiency means that our money stays here, in the local economy. A number of friends of mine are able to stay and work in Arizona because of the businesses opportunities provided by energy efficiency investment.

I am confident you will do the right thing for Arizona and our state's economy. Please continue to support the Energy Efficiency Standards adopted in 2010.

Thank you,

Susan Johnson
